THE CHURCHILL

Classic Collection

Approximately 5,967 sf

A winding staircase in the Churchill's two-story foyer greets guests as they enter this European country-style home. The plan's blending of casual and formal spaces provides opportunities for both entertaining guests and relaxing with loved ones. A second level loft overlooks the home's family room. The library, including optional built-ins, offers the ideal retreat for enhanced productivity. Loggias on both levels provide spacious outdoor areas. The grand owner's suite includes soaking tub, his and her vanities and spacious walk-in closets.
