One of our most epic designs has been taken to a new level of luxury with amenities including twin three-car garages. This elegant plan opens with a dramatic two-story foyer, formal dining and living rooms, a secluded library along with a huge kitchen and family room. The second level offers four bedrooms including an enormous owner's suite with dual walk-in closets, a separate sitting area and optional bonus room. A two-story covered outdoor terrace is available as an option.
